

# FIND YOUR *Perfect* CONCEALER

Once you've found your mineral foundation shade you need to ensure that you choose the right concealer to wear alongside it, along with a colour corrector if required.

If you have redness of the skin from conditions such as spider veins, blemishes, acne or acne rosacea, you'll benefit from using our green tinted corrector, Blush Away.

If you have pigmentation, dark spots / liver spots or darkness around the eye area, then our yellow corrector, PeepO, is recommended.

CONCEALER	CORRECTOR		FOUNDATION
Skin Concern			
Extra coverage or Minor Blemishes	Dark Circles, Pigmentation or Liver Spots	Redness, Spider Veins, Blemishes, Acne, Rosacea or Sunburn	Which foundation shade are you using?
